The Niche Mapping Tool

A. Worksheet: "The Niche Mapping Tool" Purpose: A 4-step exercise to help you find your "Specialty."

Content: A table where you list:

1. What you enjoy doing.

e.g. I enjoy organizing schedules and keeping track of complex details.

I enjoyed shooting and editing videos

2. What you are already good at

e.g. I am excellent at using Google Calendar, Excel, and responding to emails quickly.

Currently i'm good at shooting videos. However, i'm working to do more.

3. Which digital role from the list matches those two.

e.g. Virtual Assistant (VA).

Video editing and production

4. Who your typical client would be.

e.g. Busy tech founders in Abuja who need help managing their daily operations.

My typical client would be brands in Kaduna and Abuja who want their brand's voice to be communicated through storytelling visual content.
